EDUCATION

Whitman College, Walla Walla, WA

May 2026

Bachelor of Arts in Economics – Environmental Studies, Minor in Finance, cum laude

GPA: 3.8/4.0

Relevant Coursework: Environmental & Natural Resource Economics, Corporate Finance, Environmental Economics, Econometrics, Financial Time Series, Energy & the Environment, Money & Banking

EXPERIENCE

G3 Enterprises

Modesto, CA

Associate Finance Analyst

July 2026 – Present

- Analyze load, lane, and commodity-level profitability across G3's agricultural transportation fleet, evaluating freight margins and rates to inform pricing and routing decisions
- Build volume forecasts and capacity-versus-demand models tied to the harvest calendar, helping plan fleet utilization and reduce empty miles through peak hauling season
- Support quarterly and month-end close for the Ag and Logistics business units and maintain dashboards tracking cost and performance metrics for finance and operations stakeholders

Finance – Sales Operations Intern

June 2025 – August 2025

- Led an Enterprise Risk Management project by assessing financial and operational risks and presenting mitigation strategies to leadership
- Improved Salesforce data quality by cleaning and standardizing records while building an AI-powered competitor analysis tool that delivered automated insights for sales teams

Perca

Walla Walla, WA

Finance & Strategy Analyst

December 2025 – July 2026

- Led financial feasibility analysis for an early-stage environmental startup, building a phased CAPEX model and make-versus-build comparison to guide the acquisition and retrofit of an idle facility into a wastewater treatment site
- Designed a three-tier pricing model and underlying unit economics across customer segments, with revenue and sensitivity scenarios tied to customer ramp

Unsal Partners

Remote

M&A Research Intern (Freelance)

October 2025 – January 2026

- Built an acquisition-target database of energy service providers with 40+ structured data fields and hundreds of entries, organizing ownership, market position, technical capabilities, and acquisition recommendations
- Designed an AI-driven research workflow to automate scraping and summarizing company data from multiple sources, reducing manual screening time by roughly 90%

Whitman College

Walla Walla, WA

Independent Student Researcher / Research Assistant, Environmental Economics

January 2026 – July 2026

- Conducted an independent research study on the impact of offshore wind farm development on commercial fishing activity, using R and Python for data processing and statistical analysis
- Cleaned, merged, and standardized EPA air quality data and coal power plant records (retirements and scrubber installations) to produce analysis-ready datasets for faculty research on emissions and air quality

SKILLS

Technical Skills: Financial Modeling, Valuation, Cost-Benefit & Feasibility Analysis, M&A Research, Statistical Analysis, R, Python, ArcGIS, Data Visualization, Salesforce CRM, Microsoft Office Suite

Certifications: FINRA Securities Industry Essentials (SIE), Advanced Excel (Udemy), SQL + Python Essential Training

LEADERSHIP AND ACTIVITIES

Whitman Alpine Ski Team

March 2024 – May 2026

President & Captain

- Directed operations for a 30-member team, overseeing recruitment, scheduling, training, and travel logistics
- Managed a \$35,000 budget to fund competitions, equipment, and travel while ensuring compliance with school policies

Whitman College Finance Accelerator Program

September 2023 – May 2024

Group Leader

- Led a student consulting team with West Monroe Partners to design and deliver a generative AI strategy for a company
- Presented a business case and roadmap for a proof of concept, highlighting strategic value and ROI potential

Additional Activities: Ocean Conservation Leader, The Marine Mammal Center; LINC Environmental Stewardship Intern, One Tam; Kauffman Fellowship VC Capstone; Whitman College Investment Company
